Training

Online Summer Training Program in Java

Jun 2024-Jul 2024

Cipherschools

- Completed an extensive Java program covering core syntax and object-oriented principles, including encapsulation, inheritance, polymorphism, and abstraction.
- Practiced Java through projects on memory, file and exception handling, and algorithm basics.
- Reinforced learning with hands-on projects and interactive sessions focused on data structures and real-world problem-solving.

Projects

E-commerce | *MERN stack*

Jun 2025-Jul 2025

- Developed a full-featured E-commerce web application using the MERN stack, implementing secure authentication, shopping cart, and order placement modules. Integrated an admin dashboard for real-time management of products, users, and orders to ensure seamless business operations.
- Designed an advanced Admin Panel enabling administrators to efficiently view, manage, and process customer orders and user data. Ensured robust role-based access control and real-time updates on order status for effective platform management.
- Conducted end-to-end testing and performance validation with 100+ concurrent users to ensure platform scalability and reliability during peak order and user operations. Utilized Postman for API testing and Selenium for UI automation, delivering a stable, production-ready application.

Charity Donation Platform | *Laravel, PHP, MySQL, Stripe, Tailwind CSS, Blade, XAMPP*

Jan 2024-May 2025

- Developed a full-stack charity donation platform with Laravel, allowing users to browse campaigns, make donations, and view fundraising progress in real-time.
- Designed scalable MySQL database schemas for storing donor profiles, campaign details, and transaction records.
- Implemented secure user authentication with role-based access control for donors and administrators.
- GitHub Repository Link: <https://github.com/Kaifee3/Charity>

Coffee Shop Website | *React.js, JavaScript, Tailwind CSS*

Aug 2024-Dec 2024

- Built a fully functional and responsive coffee shop website using React.js and Tailwind CSS with smooth UI components and state management.
- Implemented product listing, cart functionality, and payment features, enhancing user experience and order flow.
- Applied modern frontend development practices to ensure a clean, mobile-friendly design and high performance.

Certificates

Full Stack Web Development - *LinkedIn*

Jan 2024-Dec 2024

Software Testing - *NPTEL*

Aug 2024-Dec 2024

Programming Using Java - *Cipherschools*

Jun 2024-Jul 2024

SQL Essential Training - *LinkedIn*

Aug 2023-Dec 2023

Technical Skills

Languages: Java, JavaScript, PHP.

Technologies/Frameworks: HTML, CSS, React.js, Node.js, Bootstrap, MVC architecture, Git.

Tools/Platforms: Figma, VS Code, MySQL, MongoDB, IntelliJ Idea, XAMPP.

Soft Skills: Problem-Solving, Teamwork, Time Management, Responsive Web Design, UI-UX Development.

Education

Lovely Professional University Punjab

Computer Science and Engineering — CGPA: 7.1

Sep 2022 – Present

Jalandhar, Punjab

Holy Cross Public School

Intermediate— Percentage: 69.2%

Apr 2020 – Mar 2022

Madhapura, Bihar
